## WILSON THANKS HUGHES FOR HIS FELICITATION TELEGRAM

No Cabinet Changes Contemplated By President, Indication

### G. O. P. HEADQUARTERS IN N. Y. TO BE CLOSED

Now Is the Time to Get Behind President, Declares Willcox

WASHINGTON, Nov. 23.—President Wilson today replied to Charles Evans Hughes' message of congratulation as follows:

"Charles E. Hughes,  
Laurel in Pines,  
Lakewood, N. J.

"I am sincerely obliged to you for your message of congratulations. Allow me to assure you of my good wishes for the years to come."

"WOODROW WILSON."

With the customary post-election amenities disposed of between the two candidates a search into the telegrams of congratulation received by the President during the past two weeks today revealed interesting facts.

To each cabinet member who wired his congratulations to the President he included a significant paragraph: "One of the best things about its result is that it means four years more of active association in public services and in that I genuinely rejoice."

This, it is taken, indicates that the President has no idea of changing the personnel of the cabinet.

Cabinet members were particularly strong in their congratulatory language.

### TIME TO BACK PRESIDENT, SAYS WILLCOX

NEW YORK, Nov. 23.—Having acknowledged defeat and President Wilson having replied to Charles E. Hughes' message of congratulation, Chairman Willcox today declared that it is now time that everybody get behind the President and give him undivided support.

"I would have expected the Democrats to take the same action we took had they been in our position," said Willcox, commenting on the delay of Hughes' message of congratulations.

"But now that it is over it is time that everyone get behind the President."

"I know of no irregularities in the vote in California, though I heard some talk along this line."

"We waited until the official count was practically completed because we felt that otherwise the people who voted for Hughes might have felt that we were not doing everything possible to protect him and to make sure that the ballots were counted as cast."

Headquarters to Close

Following the concession of the national election to President Wilson by Charles Evans Hughes it is expected today that Republican headquarters will be closed within a few days.

William R. Willcox, chairman of the campaign committee, is expected to return to law practice.

Rumors in New York have linked Hughes' name with several prominent law firms.

Cornelius Bliss, treasurer of the campaign committee, will make a complete statement on expenditures incident to the campaign tomorrow.

### HUGHES' CONGRATULATION WIRE SENT WILSON

LAKEWOOD, N. J., Nov. 23.—Charles E. Hughes, Republican candidate for President in the recent election, sent to President Wilson a telegram congratulating him upon his re-election.

In his telegram Mr. Hughes said:

"Because of the closeness of the vote I have awaited the official count in California and now that it has been virtually completed, permit me to extend to you my congratulations upon your re-election. I desire also to express my best wishes for a successful administration."

### BEGIN PAYING HUGE N. Y. ELECTION WAGERS

NEW YORK, Nov. 23.—Holders of some of the largest wagers made in Wall Street on the presidential election began paying the bets on the assumption that there was no doubt President Wilson had been re-elected.

Estimates of the total sum wagered in the financial district range from \$3,000,000 to \$5,000,000.

### CHARGE EDITOR IN DEATH CASE PERJURER

THOMPSON FALLS, Mont., Nov. 23.—John Manire, editor of a local newspaper, went to trial on a charge of having induced Miss Edith Colby, a reporter, to kill A. C. Thomas, a politician. Manire, acting as his own attorney, told the court that Prosecuting Attorney Parks of Sanders county and A. S. Ainsworth, manager of the paper, who is also charged with having induced Miss Colby to shoot Thomas, were guilty of perjury in seeking to have Manire's trial continued. The selection of a jury was begun.

### Moslems Massacre 5000 Armenians, Is Petrograd Report

Slaying Occurs at Sivas, In Turkey, Alleges Wire Received at London

LONDON, Nov. 23.—A special news agency dispatch from Petrograd today declared that the Turks have massacred between five and six thousand Armenians at Sivas, Turkey.

### THROAT GASHED, WOULD-BE SELF SLAYER FOUND ON ROAD

Man Thought to Be From Los Angeles Is Brought To Hospital

Bleeding from a deep gash in his throat and writhing with the pain of several stabs in the abdomen, J. E. Buitt, believed to be from Los Angeles, this afternoon was found lying beside Maybury street by Clarence and Wilbur Renshaw, employees of the Pendleton Lumber Company of Santa Ana.

Buitt was rushed to the Santa Ana Hospital. There, in response to questioning by Officer C. I. Pond, he stated that he had attempted to end his life.

With a knife Buitt had slashed his throat, barely missing the jugular vein. He is suffering from several severe gashes in the abdomen.

Officer Pond is working on the case this afternoon, in an effort to unravel some of the mysterious points in the case.

### ST. PAUL BELL HOPS BAN 10-CENT TIPS

Nothing Less Than 15 Cents, Edict; Blame For Boost Put On the War

ST. PAUL, Minn., Nov. 23.—The 10 cent tip in St. Paul was officially tabooed, by resolutions of the Hotel Bellmen of St. Paul today. At the intermission between the ice-water glide and the suitcase shuffle, at the annual Bellmen's ball, resolutions were passed urging that tips be raised to 15 cents on account of the war. During the ball, the orchestra director was under orders to ring no bells with the music, and no water pitchers were allowed in sight. "What's the use of taking the joy out of life," E. J. Ryan, president of the club, said.

### SALT LAKE SEEKS TO USE L. A. RAIL LINE

LOS ANGELES, Nov. 23.—Another important step toward industrial development at the local harbor was taken when representatives of the Salt Lake route conferred with C. H. Mason, acting traffic manager of the harbor department, with a view of using the city's belt line railway, which serves the municipal wharves and warehouses. It is believed that satisfactory arrangements can be made by which the city's revenues from the port will be considerably increased. It will be necessary, however, to build 500 feet of track to connect the two lines.

Southern Pacific and Pacific Electric cars are using the belt line now, and it is believed that the basis on which they operate will be used in arranging for transporting the Salt Lake cars.

### MRS. A. H. PAGET DEAD

LODON, Nov. 23.—Mrs. Almeric Hugh Paget, who prior to her marriage in 1895 was Miss Pauline Whitney of New York, died after a three weeks' illness at Esher, Surrey.

Mrs. Paget was a daughter of the late William C. Whitney, once secretary of the United States Navy.

### NOTED NURSE DEAD

BALTIMORE, Nov. 23.—A cablegram was received here from Sir William Osler of Oxford University announcing the death of Miss Louisa Parsons, trained nurse who studied under Florence Nightingale and was one of the founders of Johns Hopkins Hospital. She also opened the University of Maryland Hospital here.

### DEBATERS SCORE DUAL VICTORY FOR POLY IN CUP RACE

Santa Ana Wins Here and At Huntington Beach By 2 to 1 Score

Santa Ana high school debaters won both of the county league contests in which they participated and made a good start towards again winning the Davis cup yesterday.

Santa Ana won here by the score of 2 to 1 and at Huntington Beach took the same number of points.

The debate here was held at an assembly meeting at the Princess theater, the question being, "Resolved, That members of legislative bodies of California municipalities should be elected on the basis of proportional representation."

Santa Ana High was ably represented by Tom Robertson, president of the student body, and Miss Alverda West, the Fullerton High sending Miss Josephine de Berry and Homer Benus.

The next debate in the county league will be held at Orange and with Fullerton at Santa Ana.

On December 8, as announced by Coach Deaver, a big debate will be held here, the question to be on the restriction of immigration. Santa Ana will be represented by William Taylor and Joe Monroe. Virgil Pentecost and Robert Hill will debate for Poly High at Glendale.

### WAR PALL HANGS OVER VIENNA'S SORROW

LONDON, Nov. 23.—Vienna will not parade her sorrow nor welcome the new emperor with any marked formal observance.

At the funeral of Emperor Josef, Vienna dispatches today indicated, a departure will be made from the rigid formality and the richly ceremonial customs which heretofore have marked the passing of the sovereign and the ascending of the throne by another.

The pall of war will hang over even the pall of sorrow.

### KAISER IS EXPECTED IN VIENNA TODAY

AMSTERDAM, Nov. 23.—Charles Francis Joseph, the new ruler of Austria-Hungary, will be proclaimed "Kaiser and Koenig Karl, the First," according to German newspapers received today.

The Kaiser and Czar Ferdinand were expected to arrive in Vienna today.

### EMPEROR TO BE CALLED CHARLES VIII

ROME, Nov. 23.—The new Austrian Emperor will be called Charles VIII. It was indicated in dispatches received here today.

### MAY TAX RECEIPTS OF CUBS AND SOX

CHICAGO, Nov. 23.—The Cubs and the White Sox may have to divide their profits with the city next summer. Alderman Block, who is seeking to raise more city revenue, announced today that he was working on plans to have the ball clubs pay a sort of income tax to the city for the "undoubted privileges they enjoy." He says that from the number of baseball passes around the city hall the teams should be able to pay something to the city itself.

### JAIL MAN AS CHICAGO POISON SOUP PLOTTER

OMAHA, Neb., Nov. 23.—A man arrested here today is believed to be John Crones, the alleged plotter, who poisoned 200 at a Chicago banquet.

### "ASTROLOGIST" PUZZLES

CHICAGO, Nov. 23.—Orders from Washington to give an examination for an assistant astrologist sent local examiners of the Federal Civil Service Commission to the dictionary. One knew what kind of a test best would show fitness to serve as an astrologist, and all finally confessed one knew what the word meant. A message to the library showed that an astrologist was an expert on grasses. One man appeared to take the examination.

### NOTED NURSE DEAD

BALTIMORE, Nov. 23.—A cablegram was received here from Sir William Osler of Oxford University announcing the death of Miss Louisa Parsons, trained nurse who studied under Florence Nightingale and was one of the founders of Johns Hopkins Hospital. ### STANFORD DEBATERS WIN

SAN FRANCISCO, Nov. 23.—Stanford's debating team evened up with the University of Southern California orators for defeat at the hands of the Southerners a year ago. The Cardinal team, taking the negative side of a debate on "Resolved, That the United States shall adopt a compulsory military training system similar to that of Switzerland," won 2 to 1 over its opponents.

### CRASH VICTIM DIES

POMONA, Nov. 23.—George H. Binford died following an automobile accident for which an ordinary coat sleeve was responsible. Miss Helen Wing of Claremont was rounding a corner in the business district two weeks ago, when her sleeve caught in the throttle, sending the car shooting forward. Three men were in its path and all were injured.

### AUSTRIA'S NEW RULER ISSUES MANIFESTO TO HIS SUBJECTS

Tells His People His Determination to Continue War to End

LONDON, Nov. 23.—Emperor Charles VIII of Austria, the new ruler in the place where until Tuesday sat the Franz Josef, today exercised his first powers as a sovereign. He issued orders confirming the appointment of all ministers whom his grand uncle had established in power.

Vienna dispatches said that he issued a manifesto, as follows:

"Our aim is not yet achieved. Our enemies' illusion of their ability to overthrow my monarchy and those of my allies is as yet unshattered. I know I am in harmony with my people and it is my unbending decision to continue the struggle until peace is assured and the monarchy's existence and development are assured. I will do all in my power to banish as soon as possible the horrors and sacrifices of war, to secure peace as soon as the honor of my arms and conditions of life of my countries and their allies and the defiance of my enemies will allow."

Vienna, Oct. 23.—Santa Ana Sugar Co., this year distributed to growers . . . \$75,000. It sliced sugar beets, tons . . . 112,800. Its average daily run, tons . . . 1,100. Number of growers . . . 325. # RANCHES, STORES CHANGE HANDS IN \$180,000 TRANSACTION

Romer Merchandise Business  
and Orange Pharmacy  
Figure In Deal

A triangular deal, involving business and ranch property in Orange county, ranch property at Lancaster and Palmdale, California, and in Arizona, has recently been completed. Briefly stated, the transaction was as follows:

E. A. Ward traded two pieces of property at Lancaster for H. Romer's general merchandise store and the rest of his property in Tustin and Romer's ranch in Arizona. Ward then traded his newly acquired Arizona property for Ernest Rurup's Orange drug store, at 136 South Glassell street, Orange. A half interest in the Tustin store acquired by Ward was then sold by him to C. H. Cooley.

According to figures supplied by Walter C. Rowell, dealer in ranch property of this city, the entire transaction involved \$180,100.

Romer's Tustin and Arizona holdings were valued at \$65,000. Ward's properties at Lancaster and Palmdale were valued at \$123,500, and the Orange drug store at \$17,000, according to Rowell's figures. The difference in

### AUTOS IN TROUBLE

FULLERTON, Nov. 23.—Crashing on the West Orangethorpe boulevard two automobiles were damaged early Tuesday evening, one of them badly. The occupants of both cars escaped injury. The machines were traveling in opposite directions, the one listed as belonging to Charles Varney, 1176 East Thirty-eighth street, Los Angeles, being bound for Los Angeles. The cars scraped fenders and Varney's car shot off the road and brought up against a walnut tree in an orchard by the roadside.

## PRESS AGENT IS WOMAN, GETS RESULTS

Al G. Barnes' Representative  
Is Former Los Angeles  
Newspaperwoman

The only female of the species was in Santa Ana today. Her name is Miss Emma C. Miller and the species is the circus press agent.

Every circus has two or three press agents, but Al G. Barnes' Animal Circus is the only one that has a woman press agent. She was raised at Pasadena, and did newspaper work in Los Angeles until last March when she undertook to blaze the trail for Barnes' circus through the far East, into which territory Barnes has never ventured. The blazing of the trail was remarkably well done, and Barnes is ending the best season of his circus career.

A woman press agent enjoys a distinct advantage. No ordinary grouchy newspaperman dare deny the truth of the things she says in depicting the wonders of the circus. It is of record that one managing editor in Buffalo rushed into a wordy contest with the young California woman, and the record is that he came off second best, yelling for quits.

Miss Miller is a woman of excellent good nature, and she knows her business, and she gets results. She says Al G. Barnes' circus is coming to Santa Ana to a wonder, a marvel, the best ever and just perfectly lovely.

Our Angora Sweaters for \$5.95 are much in demand. Some women like to wear them under their coats, for extra warmth.

## TALK CONTEST, DEMOCRATS TO PAY THE COST

Wilson's Followers Anxious to  
Get Certificate and Wind  
Up Suspense

According to information from Los Angeles, a delegation of Los Angeles Democrats headed for Santa Ana today for the purpose of making arrangements to bring a contest in order to get Orangethorpe and Santa Ana No. 17 precincts complete and entered upon the official returns from this county.

According to Sacramento dispatches, the secretary of state will not certify that California went to Wilson unless the returns are all in, and he does not consider that returns are all in until every precinct is heard from.

"I don't know of anyone in this county who wants to go to the expense of having a contest in the superior court in order to get Orangethorpe and Santa Ana No. 17 was not counted upon assemblyman and the two day amendments because more votes were reported as having been cast on this county than were cast in the precinct.

# The White Cross Special Sale OF LADIE'S Hand Bags

Once each year about this time we have a special sale of ladies' Hand Bags for the purpose of showing all that's new and desirable in ladies' Hand Bags. All our new Hand Bags, bought for the Fall and Holiday trade, have been received and we believe that we can truly say that we have now the largest and most complete line that was ever seen in Santa Ana. We have every style of a leather hand bag that any lady would ever think of wanting to carry. Come to the White Cross and see what we have to offer in Hand Bags, for Friday and Saturday special sale.

This Year We Have Divided Our Stock Into Four Lots

**\$1.25**

In this lot we have placed every bargain in our stock that formerly sold at \$2.00, and have even included some that have sold as high as \$2.50.

**\$2.50**

In this lot you will find bags that we formerly sold at \$3.00 and \$3.50 and possibly sold as high at \$4.50. Most of them are \$3.50 and \$4.00 values.

**\$3.75**

This lot includes some especially good numbers. Not a single bag that sold for less than \$4.50, and most of them sell at \$5.00 and \$5.50 and are good values at this price.

**\$5.00**

This lot contains the best values we have in the store, because of the large number of high priced bags we carry and have included in this sale. Two or three of these bags have sold as high as \$10.00, most of them at \$7.00, \$7.50, \$8.00 and \$8.50.

There Is Not an Old Style Hand Bag in the Lot

## OREGON MAY LIMIT WOMAN WORK HOURS

Legislature to Consider Law Modeled After That In California

PORLTAND, Ore., Nov. 23.—A forty-eight-hours-of-labor-a-week law for women will be placed before the Oregon state legislature when it meets the second Monday in January, by the Consumers' League of Portland.

This act provides that women may not work for wages more than forty-eight hours a week. It does NOT, however, limit their labor to eight hours a day. The idea is that women may work more than eight hours five days a week, so they may have a half-day on Saturdays.

The law is modeled generally after the California law. Father O'Hara, a prominent member of the Consumers' League, says bill similar to this will probably be submitted to all the state legislatures assembling this year.

## WOMEN PLAN GIVING SERVANTS MEDALS

Washington Matrons Consider Rewarding Loyalty "Below-stairs"

WASHINGTON, Nov. 23.—Delia has come into her own and Mirandy and Sarah. For loyalty "below-stairs" is to be recognized, and "cook" is to be rewarded.

A movement is under way to award medals or testimonials of faithful service to all domestic servants of proven worth. The movement is sponsored by Washington club women, as a step in solving the servant problem, and combating the extremely "ephemeral, and mercurial characteristics of domestic help."

The badge, or cross of honor, will not be valued by "cook" for its intrinsic value, but will be treasured as a "manly good record." A sort of carte-blanche, as it were. Faithful servants will thereby not suffer under the stigma of their shiftless co-workers, and will never want for a good "place." The long-suffering mistress will, it is hoped, awake to a new emancipation under the new regime.

## SICK WIFE'S STORY SURPRISES SANTA ANA

The following has surprised Santa Ana: A business man's wife suffered from dyspepsia and constipation for years. Although she dieted she was so bloated her clothes would not fit. ONE SPOONFUL buckthorn bark, glycerine, etc., as mixed in Adler-ka relieved her INSTANTLY. Because Adler-ka empties BOTH large and small intestine it relieves ANY CASE constipation, sour stomach or gas and prevents appendicitis. It has QUICKEST action of anything we ever sold. ## PRISON DEMON HIS SUBJECT

Al Jennings Tells of Reform of a Wild Man of the Penitentiary

Tonight Al Jennings will take on "The Voice in the Choir." This story sermon is based on an episode in the Ohio penitentiary where Al Jennings was incarcerated. A beautiful girl with the voice of an angel is a life prisoner, sentenced for the murder of her betrayer. Her singing in the prison chapels casts a wonderful spell over the desperate inmates. The story of her life leading up to her crime is one of sordid misery, blind love and man's duplicity. She is lured away by a banker's son and in the end kills him. In prison she finds peace and rest. She becomes converted. After serving for years a pardon is procured for her. When it is brought to her she refuses to leave the prison, preferring to remain within its walls, "Alone," she says, "with the Saviour and away from the world." The story is a powerful arraignment of modern social conditions.

For more than an hour last night, Al Jennings, the former outlaw, who is now "Holding up men for Christ," poured coals of fire on those responsible for the administration of American penal laws. His story of "The Prison Demon," a human being converted into a wild animal by ill-treatment at the hands of prison authorities, was the most thrilling that he has yet told here.

After the services a number of prominent local citizens came forward and talked earnestly with Jennings, thanking him for having given them an opportunity to hear the truth regarding prison life.

Among those who talked long and earnestly with Jennings was Judge W. H. Thomas of the Superior court. "You are doing a great work," he told the little ex-con, and I want to thank you for it. If the people of this country would only listen and learn of the way in which the penal institutions are being conducted a wave of indignation would spread over the land that would soon put an end to the present methods. The prisons are the first places Christ would visit if He were to come back today, because they are the places where men vent their hatred and bitterness on other men." Judge Thomas declared that he intended to miss none of these stories.

The seating capacity of Spurgeon Memorial church has been increased by the addition of a large number of comfortable chairs and as a result over people were forced to remain standing through the service. An innovation that won much approval last night was the reading of the Biblical text by the Rev. A. T. O'Rear, pastor of the church. His dissertation on the text was listened to with rapt attention and his reference to God's willingness to forgive paved the way for the scriptural story that followed.

"I want it to be distinctly understood at the start," said Jennings, "that in telling this prison story I am not complaining of what I got. I am not a sore-head. I deserved all the law gave me and possibly a little more. I was indicted on twenty-seven counts, was convicted of two and acquitted of twenty-five and I was really guilty of all but the two I was convicted of. So I got off pretty easy, didn't I?"

He then told the story of Ira Mullat, a 6-foot 4-inch giant who was sentenced to life imprisonment for the slaying of a man who had ejected the family from their little home. An attempt to take from the man a little trinket that belonged to his lost baby turned him into a fighting fury. He was chained hand and foot and thrown into a dungeon. He remained there for years. Every attempt to tame him brought forth renewed violence. A negro convict who tried to grab him was killed in a single blow. He became known throughout the state and the warden charged admission to see him. Thousands paid and saw and went away without giving him a second thought.

A little red apple thrown into his cell furnished the link whereby he was brought back to sanity. He was finally given a chance and turned out to be the best prisoner in the penitentiary and ended his days a devout Christian. It is a wonderful story of God's grace shown in a modern way.

TO DARKEN HAIR APPLY SAGE TEA

Look Young! Bring Back Its Natural Color, Gloss and Attractiveness

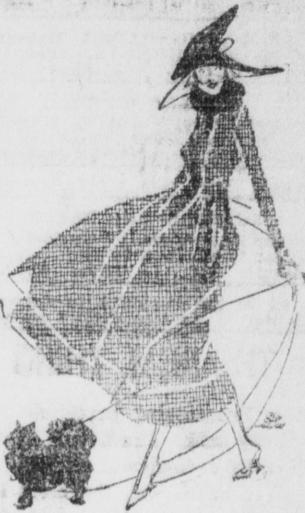

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get 50-cent bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

This preparation is a delightful toilet requisite and is not intended for the cure or mitigation or prevention of disease.—Advertisement.

## Smart Dresses

For Afternoon and Party Wear

As fresh and delightful as the new-born day are the smart Afternoon Dresses we are now showing.

Richness, novelty, yet serviceability have seldom been combined so happily in dresses to sell for the popular medium prices.

Among the new ones we have on display is a lovely combination of fine serge in navy blue, with blouse of Georgette Crepe, with a bold band of gold embroidery on the skirt.

Another is of Kings Blue Charmeuse, trimmed in rows of buttons, with a touch of hand embroidery on the blouse.

A rich, purple velvet dress is shown, with a broad, circular creamy white collar—most effective in its simplicity.

There are many new serges, new evening dresses in nets and taffetas, just received by express.

At the wide price range of \$13.75 to \$30.00, the variety for choice is large. We can satisfy you.

### THE REAL THING

"The Progressive party is dead," everybody said. And now it shows up universally recognized as the most alive, the most real, the most important thing in America. And nobody pretends any more that it makes any difference whether it acts as a separate party, under its own name, or as an organized movement, to control and act through the traditional party system.

For instance, the San Francisco Examiner yesterday said:

"None will deny, after their great showing on election day, that the Progressives are at present invincible in California, and are strong and are gaining strength throughout the Union."

And yet the Progressive party, as such, on election day, made neither a "great" nor any other showing. Formally, it appears to have merely endorsed a winning candidate and to have elected one or two minor legislative candidates. But substantially, everyone knows, and the Examiner clearly acknowledges, that it was the Progressives who, by the vote of California, are continued in power and demonstrated to be the "invincible" majority of the state.

The eastern papers, commenting on the result of the election, nearly all make the same concession, in one form or another. They refer to the "new sectionalism," or to the new center of gravity of American politics, and concede that it is for the Progressives to determine the future public life of the nation. The Wilson papers claim that in the election of Wilson Progressivism has already won, while the Hughes papers agree that the only Republican victory possible in 1920 is a Progressive victory. No one now refers to the Progressive revolt of 1912 as a blunder or a fizzle. The derisive comments of 1914 are conspicuous by their absence. Only a few papers, like the Los Angeles Times, seem to regard Progressivism as still a freak delusion, and the Literary Digest refers to the Times' exceptional view as charged "with a bitterness that outsiders find it hard to understand."

The reason, of course, is plain enough, as pointed out by the Fresno Republican: "The Progressive revolt of 1912 crystallized the most genuine political elements in America. It was the real thing. Those who opposed and resented it because it broke down an old party system were themselves clinging to the empty frame of a thing long dead. They were opposing reality with fiction, and, of course, the reality prevailed."

"When you are doing a real thing, it is safe to take some risks, as the Progressives did in 1912. They did not know whether their party organization could be made permanent or not, and if it proved temporary they did not know what the next step would be. But they knew that the thing they were starting was real and extinguishable. Now it has turned out so real that they could not even themselves extinguish it."

### OLD MEN—THEIR JOBS

A recent newspaper dispatch reports a movement to secure pensions for superannuated government employees. The graybeard of the departments has always been one of Washington's most perplexing problems. In spite of all the red tape that interferes with government efficiency, the government clerk is apt to be a hard-working man. He has at least done his best by Uncle Sam. It is a hard proposition to know what to do with him when he gets by the age of greatest efficiency.

In business it is much the same. There are a great many concerns that keep an old employee long after the time when he really earns his pay. But in perhaps more cases he is coldly and curtly told that his place is needed by a younger man. It is a bitter day when he is turned adrift. His heart and hands are as ready to work as ever, but the snap and vim of youth have gone. He absolutely is not worth a great deal of money, but the world seems to turn to dust and ashes when he is told that fact.

The proposition in the movement referred to is to establish a government pension system for aged employees. It may be possible to work this out. But the taxpayer already regards the cost of government work as too high. If the departments could be systematized by the same kind of business ability that organizes a big factory, they ought to be able to pay their present wages, provide pensions, and not increase the costs at all.

The individual worker needs to think carefully over this question of

superannuation. Most men grow into elderly life without realizing that their power is gradually slipping from them. They spend money freely and then are out of sorts with the social system because some one does not supply the needs which they themselves have failed to anticipate.

In the long run it pays a business concern to have a heart. It cannot decide all relations between its employees simply on the basis of buying so much labor for so much cash. It has to create favorable sentiment in its own workshops and in the community it serves. Where it can recognize long terms of service by special favors, it creates a sentiment of loyalty that does not otherwise exist.

### With Malice Toward None

By Henry James

The Modern Horse Race

First pick your horse.

Then get the money to play on the horse.

Then observe that the horse loses, not necessarily because not the best in the bunch, but that the bookies could make more money by having some skunk finish in front.

After your money is gone, begin to plan for the future. If you used family funds, the wife will have to be given a pretty smooth story, and if the money was stolen from an employer's till, or anything like that, the smooth story may be ineffective.

It is through realizing these painful truths so many bettors are led to get out of the country about two jumps ahead of the police.

Horse racing would be great sport if the chaps who control it would permit this. As it is, it presents much the aspect of a confidence game, and the procession of suckers that follows, regard to size, beats any campaign parade.

They have horse racing in Mexico now because it got too raw in this country, and really seemed to need a setting of banditry.

### Nickels and Dimes

Recently the house of an eastern merchant was burned, the loss being only \$150,000, as much of the valuable furniture was removed.

The merchant is at the head of a string of 5 and 10 cent stores, a perfectly legitimate business, but one naturally thinks of the number of nickels and dimes required in the building of such a home. And this home was merely an incident among the merchant's possessions.

Also one wonders if the girls who sell the stuff in these stores are well paid, and permitted to share the prosperity of the concern.

Tut! Let us, above all things, refrain from impertinence.

### War's Changes

Before the war one was not permitted to attend the theatre in Paris unless in full dress, and now is not allowed to wear full dress in such a place.

War seems really to have jarred civilization to the very bottom.

### Naming a Pole

Austria has named a Pole as ambassador to this country. He is Tarow-Tarnovski, so the naming of him was a comparatively simple matter.

The new ambassador's wife formerly was the Princess Swiatopolk Czotwertynska.

It may be perceived at a glance that the naming of the lady was a far more complex operation.

### The Mornings After

Before election prophesies we read now with a smile,

Because the prophet often missed the truth by full a mile;

And we observe that each had based his judgment on the hope

That every voter in the land was asking him for dope.

### Movie Money

The movies are said to have brought from France a comedian with funny feet, and to be paying him \$70,000 a year.

There is one star who according to rumor receives a salary of \$670,000 a year. The Frenchman's feet must be comparatively ordinary.

I would not assail the integrity of either report, and yet would lay a modest wager that were either of these distinguished and large-footed individuals offered \$20,000 annually in real money, the jump they would make in the direction of the cash box would beat by 50 per cent any agility they ever displayed before the camera.

### Living and Thinking

Plain living and high thinking have been warmly commended.

The world is getting an unexampled opportunity to try the plain living unless the world chances to be a millionaire, but even this costs so much that the high thinking is greatly handicapped.

It is difficult to raise the mind to a plane above that where it has to be in order to cuss the butcher and the baker.

### Speed

The world is geared too high. Human purpose is less that of doing any particular thing well than of doing it with a rush.

Driving an automobile along the highway, a man sees that a train is approaching a grade crossing that is about to reach.

There is not the slightest reason for him to beat the train. He is out for air, and the air on one side of the track is as good as on the other. Nevertheless he feels himself swell with the noble ambition to beat the train.

Sometimes he does beat it. At other times the coroner is sent for hastily, and brings in a verdict slapping providence.

NEW YORK.—Maurice Costello, starring in "The Crimson Stain Mystery," the sixteen episode super serial photoplay presented by Consolidated Film Corporation through the Metro Exchanges, was the first film actor to be designated as a star.

For seven years Vitagraph's leading player, Mr. Costello, had a following which might well be envied by his rivals. His face is known wherever films are in vogue. His great popularity is attested by the corps of secretaries which he employs to answer his mail. Every day brings letters of admiration and good will from all parts of the world.

Long ago nicknamed "Curly" because of his curly hair, and "Dimples" because of the dimple in his chin, Mr. Costello is without a doubt one of filmdom's greatest attractions. His hold upon the hearts of the ladies is plainly evident by the attendance at the theaters where photoplays in which he stars are shown.

In "The Crimson Stain Mystery" Mr. Costello, interpreting the role of Harold Stanley, a newspaper reporter, has, what he believes, is the greatest role he has ever appeared in. "The Crimson Stain Mystery" comes to the Princess Friday and Saturday.

# Doings In Social and Club Circles

## EBELL SOCIETY

Founder's Day and Reciprocity Day to Be Celebrated Saturday

One of the most interesting and important meetings on the club's yearly calendar will be held next Saturday afternoon at Elks' hall, where Ebell will jointly celebrate Founder's Day and hold its Reciprocity Day. The business meeting will be called to order promptly at 2:15 and all members are urged to be on time.

Mrs. W. S. Bartlett, the first president of the Santa Ana Ebell, will be an honored guest. Some of the State and District Federation officers will be present, and an invitation has been extended to the president and one other representative of every club in the Orange County Federation.

Miss Frieda Peycke, the gifted young Los Angeles woman who has won an enviable degree of fame by her charming presentations of musical illustrations, will give the afternoon's program. Miss Peycke has twice appeared before the Santa Ana Ebell and the pleasant memory of her delightful and original entertainment makes her a warmly welcomed visitor. Miss Peycke's work is receiving most flattering comment up and down the Coast as well as in the East, where she has appeared among other places, before the National Federation of Women's Clubs at Chicago and twice in Philadelphia.

An informal reception to Mrs. Bartlett, the visiting members from other clubs and to the charter members of the Santa Ana Ebell will follow the program.

District Deputy President Visits Torosa Rebekah Lodge Last Night

Mrs. Ethel W. Golter, district deputy president of the Rebekahs of Fullerton, made her official visit last night to Torosa Lodge. There was a good attendance and the lodge accepted an invitation to attend the Odd Fellows Hall warming, Wednesday evening, November 29.

The proceeds from the benefit entertainment for the orphans' home was \$31. The lodge wishes to thank every person, young or old, who took part, also all who sold tickets, especially members of Sycamore Lodge.

A fine banquet was served after the meeting, consisting of roast pork, rolls, cake and coffee. The tables were decorated with marigolds and pink candies, and plate favors were individual candlesticks and marshmallows. The committee was composed of Mms. Frankie Johnson, Lily Farley, Susan Mullinix, Fannie Lacy and Ethel Morris.

## ALL NIGHT PARTY

Celebrate Birthday Tom Robertson, President High School Student Body

The nineteenth birthday of Tom Robertson, the popular president of the Poly High student body, was rightly celebrated last evening by a "bunch" of his admiring friends at his home on East Walnut street.

The first part of the jolly evening was spent at the Temple Theater and the greater part of the remainder of the night with music and games and the enjoyment of refreshments consisting of ice cream, cake, grape juice, pop corn balls and home-made candy. A handsome birthday cake was topped with nineteen candles.

Mr. Robertson was the recipient of a number of appreciated gifts, chief among them and one of the most prized being a large box of stationery from the "bunch," who wished "Tommy" many more such happy anniversaries.

Besides the host the merry company was made up of George and Ben Osterman, Joe Irvine, James Utt, Raymond Keeney, Jack Callahan, George Morrison, Willard Best, Paul Jones, Homer Holzgrafe, Hugh Osborne, Harold Straight, Calvin Launderbach, Ralph Le Rue, Clayton Tillotson, Fred Forgy, Basil Smith, Dewel Scott, John Bruns and Arthur Schellhous.

## Ladies' Bible Class

The Ladies' Bible class of the Richardson Avenue M. E. church has arranged to entertain the Men's Bible class, with all teachers and officers of the Sunday school, on Friday evening, November 24, at the home of Mrs. W. H. White, 530 South Ross street, at 7:45 o'clock.

An old-time district school with an ancient teacher in charge, will be the event of the evening, and there will be a spelling bee, with other amusing features.

All are asked to bring a lunch in a pail as in olden days, and it is hoped every member of both classes with all others who are officers in the school will be present. A most delightful evening is promised to all who come.

## Entertained at Orange

The ladies of the M. E. Church South were most delightfully entertained at the beautiful home of Mrs. W. A. Phillips, South Glassell street, Orange, Wednesday afternoon.

The house was artistically decorated with huge clusters of pink roses. The afternoon was spent in music and conversation, most of the ladies also doing fancy work.

At the close of the pleasant afternoon Mrs. Phillips, assisted by her committee, served refreshments of ice cream, cake and coffee.

## Entertained Eastern Star Officers

The officers of Hermosa Chapter, O. E. S., were delightfully entertained by their Worthy Patron, A. N. Zerman, at his home, 505 South Sycamore street last evening.

A short period was devoted to a most interesting guessing game, Mrs. W. L. McCleery being the most successful received a Parisian Ivory picture frame for her work.

The remainder of the evening was devoted to whist and finch. Mrs. S. J. Evans, having high score for whist, and Mrs. Frank Worden second, and for the gentlemen S. J. Evans first and W. W. Clevenger second. Mrs. H. T. Trueblood was awarded the finch prize.

Mrs. Zerman, assisted by Miss Flossie Zerman and Ramona Clevenger served tempting refreshments, utilizing the card tables. Each table was

## BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.

These pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place.

Most headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "loggy" and "heavy." Note how they "clear" clouded brain and how they "perk up" the spirits. 10c and 25c a box. All druggists.

# INDUSTRIAL FUND CAMPAIGN BEGINS

**ENTHUSIASM TO ADVANCE CITY EXPRESSED**

## Details of Plan to Get Together \$50,000 Here

Here are some of the details of the plan to raise an industrial fund for Santa Ana:

This fund shall be created for the purpose of encouraging manufacturers to locate in Santa Ana.

It is proposed that the amount of the fund shall be not less than \$50,000 and that all subscriptions shall be contingent upon that amount being subscribed.

As soon as subscriptions to the amount of \$50,000 have been received a meeting of the subscribers will be called and five trustees shall be elected from their number who shall administer the fund upon the following conditions:

The trustees may levy assessments only, when a contract has been negotiated with a responsible manufacturer, to locate in Santa Ana whose pay roll shall not be less than a certain specified amount during a certain number of years.

The funds raised by such assessments shall generally be used in purchasing sites and erecting buildings for the use of manufacturers, the title to which, however, shall remain in said trustees until the terms of the contract have been fulfilled by the contracting manufacturer.

The cost of the site and buildings in any given case shall not exceed five per cent of the amount of the pay roll named in the contract for a period of not more than five years.

In the event of the death or removal of any of the trustees, the remaining members may fill such vacancies from the subscribers.

No contract may be entered into by the trustees until the Merchants & Manufacturers Association or the Chamber of Commerce have thoroughly investigated the proposition submitted and recommended the same to the said trustees.

**Proposal to Secure Factories By Sound Method Meets With Approval**

With an enthusiasm that presages success, thirty-five Santa Ana business men and property owners gathered at the city hall last night and gave their endorsement to the proposal that Santa Ana raise an industrial fund to be used in bringing factories to Santa

**DRINK HOT WATER IF YOU DESIRE A ROSY COMPLEXION**

Says we can't help but look better and feel better after an inside bath.

To look one's best and feel one's best is to enjoy an inside bath each morning to flush from the system the previous day's waste, sour fermentations and poisonous toxins before it is absorbed into the blood. Just as coal, when it burns, leaves behind a certain amount of incombustible material in the form of ashes, so the food and drink taken each day leave in the alimentary organs a certain amount of indigestible material, which if not eliminated, form toxins and poisons which are then sucked into the blood through the very ducts which are intended to suck in only nourishment to sustain the body.

If you want to see the glow of healthy bloom in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless means of washings the waste material and toxins from the stomach, liver, kidneys and bowels, thus cleansing, sweetening and purifying the entire alimentary tract, before putting more food into the stomach.

Men and women with sallow skins, liver spots, pimples or pallid complexion, also those who wake up with a coated tongue, bad taste, nasty breath, others who are bothered with headaches, bilious spells, acid stomach or constipation should begin this phosphated hot water drinking and are assured of very pronounced results in one or two weeks.

"I am in sympathy with the movement," said Col. S. H. Finley, "for factories will give us a new source of wealth and prosperity. We can raise \$30,000, \$40,000 or \$50,000 for a new church in Santa Ana without much trouble, and we ought to get \$50,000 easily for an industrial fund. We give to church and lodge funds for pleasure, and once a factory was established others would follow."

"We should have a committee to take steps to foster this spirit, develop it, in case we find it is not yet strong enough," said J. P. Baumgartner, "and I am sure we will succeed in doing what we believe should be done."

**Finley For It**

"I am in sympathy with the movement," said Col. S. H. Finley, "for factories will give us a new source of wealth and prosperity. "We must all work together," said R. L. Bishy, "and we are bound to get results. Co-operation is what we need to make Santa Ana grow. The company I represent is ready to go to it, and we believe that this fund ought to be raised. Let's wake up and push forward."

C. H. Chapman outlined facts concerning the location of a factory at Oakland. That factory wanted to locate in Southern California, but Oakland went after it and got it.

"Factories make Stockton a mighty good town," declared Walter Vandermast. "Little towns can produce better results for factories than can big ones. It is the little checks that make business for the stores. The man who gets a big check for his crop is likely to invest it in Central California or elsewhere. **LOS ANGELES PRODUCE MARKET**

Vegetable prices continue exceptionally strong and yesterday cabbage was raised to 2½ cents a pound, and the red variety to 4 cents. Celery is scarce, and growing more valuable every day. Wednesday's quotations for prime shipping stock was \$3.25 a crate, or 75 cents a dozen. Cucumbers have moved up to \$1.60 a lug, and the pickling cucumbers have dropped off the market. Summer squash is rapidly playing out, and in consequence the price for the same has jumped to \$1.25 a lug.

The only activity on the Produce Exchange yesterday morning was the transfer of 29 cases of white candled eggs at 52 cents a dozen. The egg and butter situation gives no indication of going lower, and as a matter of fact, a great many brokers are looking for advances.

**FRIENDS FROM EAST GATHER**

Former Residents of Cincinnati Are Entertained At Tustin Home

TUSTIN, Nov. 23.—A very enjoyable meeting of the Cincinnati Club was held Thursday at the home of Mr. and Mrs. Harry Peipper and Mr. and Mrs. Fred Beckman.

The guests, coming in automobiles from their homes in and around Los Angeles, arrived early in the morning.

Those present were old friends from Cincinnati and hence the ties be-

tween them made a day spent together very agreeable.

Mr. and Mrs. Peipper have recently purchased a pretty bungalow on D street, which has been painted and renewed throughout. The hospitable doors were thrown wide and rooms were decorated with handsome roses for the reception of the guests and the day seemed like a home-coming for all of them.

A delicious chicken dinner was served at noon with all the necessary accessories of cranberry sauce, salad, celery and other delicacies to make a most complete repast typical of the harvest season. A beautiful centerpiece of roses adorned the dinner table.

Those who enjoyed the day together were Mrs. E. J. Keiffer and Mrs. M. E. Diebold and daughter, June, of Los Angeles; Mrs. M. Schroeder of Alhambra; Miss Kate Schenck of Pasadena; Mrs. H. Romer, Mrs. and Mrs. Fred Beckman and Mr. and Mrs. Harry Peipper and little daughter.

The guests left at 7:30 for their return trip home.

**Reception to Teachers**

A reception to the Tustin teachers and trustees will be given by the W. C. T. U. Friday evening at the Presbyterian church. The friends and parents of the school are invited to attend.

**Dollar Social**

Last Friday night the members of the Young Ladies' Missionary Society of the Presbyterian church gave their dollar social which has been promised for some time. Their friends were all invited to attend, but it did not mean that it would cost them each a dollar, and so there was a mystery about the dollar social.

Early in the year the members of the society promised themselves to earn a dollar each for missionary purposes and then make it a part of the program at a social to tell how the dollar was made.

The program opened with piano music by Misses Valeda Willard and Margaret Tingley.

An interesting feature was the missionary basket. A collection of young girls was seen in an enclosure resembling a basket. Each occupant of the basket represented a dollar and each dollar related the story of how it got into the basket.

Musical chairs and other games caused much merriment and were enjoyed by older ones as well as the young folks, after which refreshments of punch and wafers were served.

**Personal**

Miss Kate Schultes of Pasadena was a guest of her sister, Mrs. A. D. Turner, last week.

Mr. and Mrs. H. Romer have returned from a visit to their ranch near Lancaster.

Mr. and Mrs. K. N. Wood of Watertown, S. D., are guests of Mr. Wood's sister, Mrs. George W. Hubbard. They are much pleased with Tustin and the California climate.

Charles Broadwick and His Troubles At Seal Beach Going to Jury

This morning the trial of Charles Broadwick, balloonist and parachute jumper, was begun in the superior court before Judge West and a jury. Broadwick is accused of felony embezzlement. The Jewel City Amusement Company of Seal Beach through its representatives brought the action, and had Broadwick brought here from Oregon.

Last spring Broadwick was employed to do some air stunts at Seal Beach. The complaints allege that when he left he took away about \$150 worth of balloon silk that belonged to them.

Among those present at the trial today is Tiny Broadwick No. 2, a parachute jumper employed by Broadwick.

Those on the jury are J. F. Buer, L. D. Toogood, J. P. Greeley, J. W. Flagg, J. P. McCarter, William Marsh, T. W. Cadd, A. T. Armstrong, R. C. Burkett, John McCollough and C. H. Warner.

Deputy District Attorney Koepsel is prosecuting and Attorneys J. C. Burke and H. C. Head are defending.

**For Administration**

Aaron Wilcox of Santa Ana has asked for letters of administration upon the estate of his mother, Anna Palmer, who died on October 25. The estate is valued at \$5,000. E. T. Langley is attorney for the petitioner.

**NAVELS GIVING WAY TO VALENCIA ORANGE**

County Fruit Exchange Deposits Over \$70,000 In Bank In One Day

ORANGE, Nov. 23.—The biggest deposit of any day in the history of the Orange County Fruit Exchange came Monday when the Exchange banked \$70,526.

The money represented returns from October fruit which arrive from three to four weeks after the sales are made.

All of the exchange houses are now busy on navels and the crop is rapidly being cleaned up. The market conditions for navels are at present exceptionally favorable. Local navels are unusually early and apparently the season will be short as the fruit is moving rapidly.

The Exchange crop is estimated at about 200 cars. This is about 150 short of the navel crop of two years ago and illustrates the fact that the Orange county navel is rapidly giving way to the Valencia. The market is somewhat weaker, due to an influx of Florida fruit. Florida is shipping much heavier than the preliminary estimates indicated, and the Valencia market is apparently feeling the effect.

Report Considered Reliable States Work to Start In Month

FULLERTON, Nov. 23.—The Pacific Electric intends to begin work on the line into this city within thirty days, according to a reliable report Wednesday morning. Engineers for the electric company have been here for the last few days and it is understood they have made considerable progress with the right of way. It was learned Wednesday morning that the line will construct an overhead crossing at the point where the tracks intersect Spadra avenue.

EBELL CLUB HEARS TALK ON BERGSOM

Declaring that "we are on the eve of a spiritual renaissance" and that "the mechanical philosophies of the nineteenth century are broken through," E. M. Nealey, before the Book Review Section of the Ebells, last night discussed Henri Bergson, referring to the subject of his discourse as "the great modern French philosopher."

"The old agnostic views and pessimistic ideas that life is only a cosmic drift without plan or purpose are outworn theories," said Nealey, during the course of his address. "Bergson, like Browning and Tennyson, finds a grand meaning in existence and is a spokesman for his age."

Nealey illustrated his talk with charts, visualizing Bergson's contribution to philosophic thought.

89 DEGREES BELOW ZERO ITALIAN BIRDMAN FINDS MAKING ALTITUDE MARK

MILAN—The British world record for lofty aeroplane flight, held since April 26 last, when Harry G. Hawker reached an altitude of 23,500 feet, was beaten at the Mirafiori military aerodrome in Turin, when Lieut. Guido Guidi attained a height of 25,800 feet in a flight which occupied an hour and 57 minutes.

After ascending 19,750 feet, Guidi's barometer registered 89 degrees below zero. His record was officially verified both by the military commandant and the Italian Automobile club.

He Must Take Better Care of Himself or Soon Be With Second-Raters

BY H. E. HAMILTON  
(United Press Staff Correspondent)

NEW YORK, Nov. 23—The case with which Battling Levinsky, a few nights ago, took a decision from the man-killing Jack Dillon of Indianapolis, has led several fight critics in the east to come forth with a statement that unless Dillon begins to take better care of himself he is likely to soon

## Two American Beauties

Here are two of the most efficient and most beautiful cars in America. These new Cole models are typical of the modern American motor car. They have clean cut lines; power and personality in abundance; are stunning and smart; are swift as a swallow; are graceful as a swan. In a word, they are the vogue. Each has the giant 70 horsepower eight cylinder motor. This motor has the strength of a locomotive, yet all one can hear is a soft, gentle purr.

## In The Sportsman's Realm

Furnished by the Fish & Game Commission

Week-enders among the hunting-lie-

enses experienced all kinds of con-

ditions and reported correspondingly

as to the sport enjoyed.

Some of the duck-clubmen feel cer-

tain all the birds have gone south, and

do not wonder much at it in view of

the scarcity of feed; but others had

fine shooting Saturday and Sunday.

The big clubs with large expanses of

water such as the Cerritos, Pasadena,

Bolsa Chica, San Joaquin, where there

is a greater acreage per gun than in

the more densely populated Bolsa sec-

tion of western Orange County, all had

good shooting. As the season wears

on, the advantages of more ground

will manifest themselves more plain-

ly.

Old-timer George P. Adams bagged

his 145th consecutive limit on the fa-

mous Blue Wing grounds Saturday,

and three other guns had the limit by

the middle of the morning. Adams'

record sheds considerable light upon

the consistency of Southern Califor-

nia duck-shooting as conducted by the

clubs. No other place can show such

consistently good sport.

Shooting around the Blue Wing was

rather spotted, some if its neighbors

failing to fare well, but they are be-

coming used to that.

**Quail Hard to Locate**

Similar tales of woe emanated from

quail-hunters whose sport depended

mostly upon whether they staged their

trips far enough east to avoid the dry

northerly winds which were blowing

in the coastwise section. Quail are

hard to locate, hard to scatter, hard

to get up, and hard to hit at such

times. The brush is dry as tinder and

sage dust flies so freely that its pun-

gent odor takes the fine edge off a

dog's nose while the dry heat soon

tires man and dog. Shot birds are

hard to find; feathers blow every-

where; and all in all, north winds are

no time to go hunting quail if one

wants a good and enjoyable shoot.

Too many shot birds are lost even if

plenty of shooting be had.

Parties going down Elsinore way re-

port a fine cool day, but others up

Temescal Canyon toward Corona were

disappointed, and had plenty of dry

wind to deal with after the early morn-

ing.

Sunday duck-shooting was rather

better than the Saturday average, but

was nothing to brag of on many of the

clubs. Shooters on the beet-sugar

water overflow near Los Alamitos had

rather a slow shoot of it. Capt. A. W.

duBray of San Francisco, who repre-

sents Parker Bros., "the gun people

in the west, was guest of Fred Mills

at the Farmers' Club.

**Markets Scouting Trips**

Fish and Game Commissioner Connell

made a scouting trip to Capistrano

to try out a new dog on the blue

birds up San Juan Canyon.

Gus Knight came down Friday from

Bear Valley having had enough of a

long, hard season at his camp, but ex-

pects to make one more trip for the

ducks, which are plentiful; big birds

are on Baldwin Lake in force. Knight

says there is a lot of wild celery in

Baldwin, differing from the Bear Lake

feed, and the canvasbacks and red-

heads are all over on the upper lake.

He looks for a cold snap any time now.

Nine guns had a good shoot on the

widgeon at the San Joaquin grounds

Sunday getting the usual sprinkling

of mallards, one man bagging five, an-

other three, nearly all one or two.

Forest rangers have detailed the

killings of 34 bucks in the portion of

the Santa Barbara National Forest

lying in Los Angeles County during

the open period, the month of Septem-

ber. Geo. Grider, Frank LeBrun and

Frank Real got limits, the rest a buck

each.

Geese are coming in strongly on the

San Joaquin, the flock recruiting more

every day. The white geese come

first; later a few checkerbreasts and

last; some honkers.

Parties returning from Little Bear

Lake had great fishing.

**Deputies Make Raid**

Determined to protect the rights of

wharf-fishermen to the 750 foot

zone on each side of the piers, jetties

and breakwaters within which the law

forbids all net fishing, a raid was made

upon Port Los Angeles by Deputies

H. I. Pritchard, C. S. Baader and H.

D. Becker, who confiscated two nets in

the name of the state and arrested Sam

Gregoroff, a Russian market-fish-

erman who was working a net for

John Harmon. The alien paid \$20,

the latter to Judge Webber in Santa

Monica, but no one appeared to claim

the other net.

## JOHNSON FAVORS THIRD BIG LEAGUE

CHICAGO, Nov. 23—Instead of opposing, President Ban Johnson of the American league "rather favors" a third major league, he declared in an interview.

"The Federal league never had a

right to exist because it was formed

by men trying to legislate a third

league into existence, instead of by

a demand from the public for such a

circuit. The game has prospered in

some cities, and by raising the clubs

in their rating the game would re-

ceive a big boost."

Johnson said the report that Wash-

ington would be dropped from the

American league was "all bunk."

# BORDER TRAINING ADDING 150,000 YEARS TO LIFE OF NATION

Nearly 12 Months is Added to Life of Every Civilian Soldier, Estimate

BY WEBB MILLER  
(United Press Staff Correspondent)

EL PASO, Texas, Nov. 23.—About 150,000 years are being added to the aggregate life of the population of the United States by the Mexican "situation." Instead of spreading death and disablement the campaign in Mexico and the mobilization of the national guard is adding from a few months to years to the life of every civilian soldier, army physicians declare. Statisticians have figured that the average added to the life of each guardsman will be nearly a year.

After four to six months of training like an athlete, working in the open air, sleeping in a tent and eating simple food hundred thousand guardsmen will go back to civil life with a new lease on life.

Makes Study

Major James F. Edwards of the medical corps of the Pennsylvania militia has been making a close study of the general effects of the intensive training upon these men drawn from office, factory and farm. In civil life he is director of Public Health of the city of Pittsburgh.

"Nearly every man on the border

will be benefitted immeasurably by the training he is undergoing," said Major Edwards. "In most cases the instruction in personal hygiene and right living will influence the militiaman for years."

"Even now the difference in the health of our men can be noticed. Several months of daily exercise in the open air and sleeping in a tent cannot but benefit. It is worth a dozen vacations rolled into one."

"But most important is the effect of the army diet. Most civilians eat too much. And intemperance in eating is more dangerous than any other form of intemperance. For four months our men have been eating simple, palatable army ration. They don't eat too much and the food value of what they get is computed scientifically. This regime with plenty of exercise cannot fail to add something to the lives of our citizen soldiers."

No Pleasing Everybody

But there is no pleasing everybody. To the men undergoing this training it sometimes loses the vacation—physical training tinge and becomes just hard labor.

"Huh," said one guardsman drilling in the sun when told he was adding one year to his life, "Izzat so, well, I'll give three of the other end of my life to go home now."

FARRELL BACKING  
NEW BOXING CLUB

NEW YORK, Nov. 23.—A spat between Charley Weinert and Fred Fulton or Jack Dillon will be the first that the new management of the Madison Square Garden Fight club will put on. Weinert's services have been contracted for and the new promoters now are hunting for a suitable foe.

Johnny White, a veteran promoter, will be the new manager of the Garden and will do the match making, supplementing Jimmy Johnson. It is understood that Frank Farrell, former owner of the New York Yankees, is the financial backer of the new club.

## EVANS INTENDS TO KEEP BOTH CHAMPIONSHIP GOLF TITLES

Star On Visit To New York  
Talks to United Press  
On His Playing

BY H. E. HAMILTON

NEW YORK, Nov. 23.—When Chick Evans, the national open and amateur champion, visited New York recently, after his triumph at the Merion club, Philadelphia, he told the United Press that in winning the national amateur champion he had vaulted into the highest point of his life's ambition.

Needs to Break Out

"I have reached a point in my game," said Evans, "where it is not necessary for me to break out in a cold sweat whenever I have to sink a long putt to win a hole."

Fact of the matter is that it was just this point—considered the champion's weakest—which enabled him to defeat Robert Gardner for the national title, and which carried him to victory in the open tournament some time earlier. Of course, there were a few times when Evans' nerves were strained by the nature of the putting he was forced to make, but the fact that he had lost many matches in his long career as a tournament player through poor putting made his performance stand out.

"I have learned to drive as I never drove before," Evans said. "My mashie shots have improved all summer and I want to say right here that it was with the greatest elation that I finished off the hole which gave me the title."

After Another Turney

Evans several times has been runner-up in national tournaments and has finished there or thereabouts in many high class meets, but the one big plum he was after—the national amateur tournament—always has been just out of his reach.

Evans assured the United Press that if some golfer is to take the championship from him next year he'll have to play some regular championship golf to do it.

"I've got that championship," Evans said, "and I mean to keep it as long as I can."

## S. F. AUTO SHOW TO REVEAL HOW AUTOS WORK

SAN FRANCISCO, Nov. 23.—Mechanical displays will be among the most important of the Pacific Automobile Show's features, according to information gathered from the dealers who will take part in the exhibition, February 10 to 18, at the Exposition Auditorium. Parts displays, show chassis, cut-out chassis, chassis in operation, partially dismantled chassis, will be part of this display.

The American motorist is beginning to look under the car, and for that reason the American dealer is giving him an opportunity to investigate the mechanical features of it, to learn how it is constructed, and why certain types of construction are used in that particular car.

Practically every dealer will make some sort of a mechanical showing.

Gold Chassis on Display

The Chester N. Weaver Company, which distributed Studebaker cars in Northern California, will have the famous Studebaker gold display chassis as a part of their exhibit. This piece of machinery, which carries the impress of the manufacturer in its mechanical features, and that of the jeweler in its finish, was built at a cost of \$30,000 for display purposes. It will be shipped under guard from Chicago to San Francisco, following the Chicago show.

The H. B. Rector Company, Northern California distributors for Marmon cars, plan an extensive mechanical display in addition to the show chassis.

The Logan Cadwalader Company will include in their booth a Dort and a Velie chassis. The Dort will be a cut-out type, with an electric motor to operate it, and will be kept running throughout the show. It has not yet been decided whether the Velie will be a cut-out or a show chassis.

Show Cut-out Kissel

The Pacific Kissel-Kar branch will place on display a cut-out Kissel-Kar chassis similar to the one which they use for demonstrating purposes in their salesrooms. In addition they will have one of the Briscoe chassis by which to demonstrate the construction of this little car.

The Cadillac cut-out chassis, which has been used for several seasons by the Cadillac Company at shows all over the country, will be seen for the first time at a show in San Francisco this season. The new 1917 chassis is used, and is finished in white, with white tires and polished nickel metal parts. Glass is used to replace the parts of the chassis which were cut away, and it is operated by an electric motor.

## ARMY FOOTBALL TEAM NEEDS MORE SPEED

WEST POINT, N. Y., Nov. 23.—More speed. That is the cry of the coaches who are handling the Army football players for their annual gridiron clash with the Navy Saturday afternoon.

It is almost certain that Butler, who was injured in the game against Notre Dame, will be able to play

again Saturday.

Francis J. Pons, well known tur-

man and breeder of thoroughbreds, died at his Madison station stock farm near Nashville. Mr. Pons had just returned from the Canadian tracks. He had been identified with the breeding of race horses and had promoted several meets. In later years he had devoted most of his time to breeding and his yearlings were much sought after. His stud is now headed by Toney Bonner. Some of his best horses were Judge Wright, Swift Fox, Ben Otis and
